The EFW 6145 LCD/TFT 'optimally adjustable' wall support is suitable for TVs up to 26", and features tilt, turn and reach.

## LCD/TFT wall support EFW 6145

Flexibility and freedom of movement are the key benefits of the EFW 6145. You can tilt and turn your screen any way you want for an optimal viewing experience. Don't worry about damaging your screen or wall either, as the EFW 6145 features Vogel's unique Screen Protection System (SPSTM) to protect both screen and wall.

Note : Some retailers still sell the EFW 6105/6125/6145 in the 2007 packaging. The 2007 packaging does not include the strips to create a 200x100 mm mounting hole pattern (the 2007 packaging therefore also indicates a maximum screen size of just 22", while the current maximum is 26"). Do not worry, the supports in this older packaging can also be made suitable for 26" screens. Just ask your Vogel's reseller for the service kit containing the 200x100mm strips.

## Features

- Tilt, turn and reach functions guarantee optimal viewing position
- Unique Screen Protection System (SPS™) which protects both screen and wall
- Pre-assembled - install in just 3 easy steps
- Universal - complies with VESA Mis-D (200x100mm, 100x100mm en 75x75mm)
