

Product Information Sheet

Tria 2

OmniMount, an innovator of A/V mounts and furniture for more than a quarter century, is the choice of professional installers and the brand most recommended by flat panel manufacturers. The Tria Series wall shelf systems offer hassle-free shelving and cable management solutions suitable for any environment and can be used with or without a flat panel. User-friendly features like adjustable shelves and paintable, trimable covers make them customizable for any application. Tria 2 is a 2-shelf do-it-yourself solution that allows you to neatly organize components right under your flat panel without the need to run the connections through your wall.
