The electronic LCD/Plasma Accessory (CFAE 140RC) makes it possible to turn the screen by remote up to 30° left and right, to achieve the optimal viewing angle.

Electronic LCD/Plasma accessory CFAE 140 RC

The Compose™ series consists of two modules (the Basic module and the AV module), two furniture units (wall unit and floor unit), and two LCD/Plasma accessories (manual and electronic).

Watching TV is most enjoyable with one of the Compose™ LCD/Plasma accessories for the best possible view of the screen. The manual LCD/Plasma Accessory (CFA 140) makes it possible to turn the screen up to 30° left and right, to achieve the optimal viewing angle. Even more convenient is the electronic module (CFAE 140 RC), which allows you to do so via remote control from the comfort of your chair. Vogel's offers a two-year guarantee on electronic parts, including the accompanying remote control.

Both the manual (CFA 140) and electronic (CFAE 140 RC) LCD/Plasma accessories are universal, and can be connected with the basic module and floor and wall furniture.
