Universal LCD/Plasma adapter for Non-VESA compatible LCD/Plasma screens

Universal LCD adapter EFA 6875

If the mounting hole pattern on the back of the screen is too wide for the standard adapter that comes with your flat screen wall support, this extra wide adapter is needed. The maximum horizontal and vertical distance between the mounting holes is 450 x 300 mm

The EFA 6875 can only be used in combination with a EFW 62XX or VFW X32 wall support.
